

99 Gloria Place

This two bedroom, 1.5 bath town home is being built with the highest quality of craftsmanship and has a cozy setting surrounded by mature Aspen trees. The views down valley are amazing! This green built home is well insulated and highly energy efficient. Some of the many features include R50 roof rating, R25 window rating, soy based polyurethane high-density foam insulation and Gyp-Crete sub floors for superior insulation and energy efficiency. High quality finishes, wood floors, granite countertops and a Thurston kitchen go great with this charming town home with great curb appeal. This duplex lives like a single family home.

OFFERED AT \$449,695
