Your P.O.A. Board of Directors will be listening to a presentation by the Gunnison Country Stockgrowers Association at the April 8th P.O.A. Board Meeting regarding the # of Elk Tags issued by the D.O.W. in our area and how they believe the # of tags issued can adversely impact the quality of the herd, the hunting experience in Gunnison overall, and their grazing rights - or number of cattle they are allowed to graze each year . You have probably read something about this in the local papers recently. Following this presentation, your P.O.A. Board of Directors will be asked if they would like to write a letter of support for the Stockgrowers effort to get the number of Elk Tags issued in this area reduced, and to encourage the D.O.W. to limit the number of Elk Tags issued in this end of the Valley, thereby improving the long-term quality of the herd, while allowing the Stockgrowers to graze more animals. Your input is greatly appreciated.

How do you feel about your P.O.A. Board of Directors possibly writing a letter of support for the Gunnison Country Stockgrowers Association, as described above?
